I didn't want to be hung-over on my first spell of picket duty. It was a cool night, and the stars were thick in the sky. I caught glimpses of the Project as I made my way home through the narrow streets. It dominates the whole city. The whole Plain, for that matter. It had sort of a pale, blurred look in the starlight, the six completed stages blending together, the uncompleted seventh one softly serrated against the night sky. Working on it every day, I've kind of forgot how high it is, how much higher it's going to be when we get back on the job. The highest thing ever, they say. I won't dispute that. It makes a palm tree look like a blade of grass and a man look like an ant. Looking at it tonight, I felt proud to be one of the builders. It was as though I'd built the whole thing myself. That's the way a bricklayer feels sometimes. It's really great I feel sorry for brickmakers. You'd never catch me slogging all day in a mud hole..The North Wind was silent a whole minute. They proceeded to set it down directly before the gate. I knew from its length that here was no ordinary wealthy merchant, but I was unprepared for the personage who presently stepped out and stood gazing at the Project with black blazing eyes. Those eyes burned right through Ike and Eli and Dan and me, as though we weren't even there, then swept upward, absorbing the entire Project with a single glance. It dawned on me finally, as I took in the small gold crown nestled in the black ringleted hair, the flared eyebrows, the fierce nostrils and the defiant jaw, that I was looking at the King. Detweiler's breathing grew slower and quieter, more relaxed. He lay with his eyes closed and an. "That's no use. The doctor says it's a miracle he's still breathing. J.L. is, by the way, interested in access to Zorphwar on his own. Sirocco came through on the compack a few moments later, and Colman summarized the situation. The audacity of the idea appealed to Sirocco immediately. "We'd have to handle it ourselves. There isn't enough time to involve Brigade, but we could pin down those guys on the other side while you went in, and roll a barrage in front of you to clear obstacles." He was referring to the Company controlled robot batteries set up to the rear, below the crest line of the ridge. "It would mean going in without any counter battery suppression when you break through. What do you think?"
