It may be that Segoy is a name for the Earth itself. Some think all dragons, or certain dragons, or certain people, are manifestations of Segoy. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizards power and to the might of the fleets and armies under his command. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him.
