But I never planned to become a colonist on Mars, either. I... things have changed, don't you see? I've been depressed." She looked around, and Song and Ralston were nodding sympathetically. Relieved to see that she was not the only one feeling the oppression, she went on, more strongly. "I think if I go another day like yesterday and the day before?and today?I'll end up screaming. It seems so pointless, collecting all that information, for what?".And that was all there was to it-he had passed his exam with a score just five points short of the crucial eighth percentile.
