(Chip) Delany has for some time been one of sfs most interesting novelists (Dhalgren, Triton, et cetera) and one of the field's more thoughtful critics (The Jewel-Hinged Jaw: Notes of the Language of Science Fiction). He has not written much short fiction recently, and so we are especially pleased to offer this fresh and magical change of pace. On Christmas Eve, feeling sad and sentimental, he got out the old cassettes he and Debra had made on their honeymoon. He played them on the TV, one after the other, all through the night, waring mellower and mellower and wishing she were here. Then, in February, when the world had once again refused to end, she did come home, and for several days it was just as good as anything on the cassettes. They even, for a wonder, talked to each other. He told her about his various encounters in pursuit of his endorsements, and she told him about the Grand Canyon, which had taken over from the end of the world as her highest mythic priority. She loved the Grand Canyon with a surpassing love and wanted Barry to leave his job and go with her to live right beside it Impossible, he declared. He'd worked eight years at Citibank and accrued important benefits. He accused her of concealing something. Was there some reason beyond the Grand Canyon for her wanting to move to Arizona? She insisted it was strictly the Grand Canyon, that from the first moment she'd seen it she'd forgotten all about Armageddon, the Number of the Beast, and -all the other accoutennments of the Apocalypse. She couldn't explain: he would have to see it himself. By the time he'd finally agreed to go there on his next vacation, they had been talking, steadily, for three hours! number to go." orange design, went to the trunk and lowered it through a small round hole in the top. As the last of it. But Lea asked gently, "What did it say? I have studied the languages of men and perhaps I can help. What did it say?" feel I'm not alone. The dome is that big. Voices get lost here. Even thoughts echo. "I refuse to accept that as a final answer," he said. "But in the meantime we should explore the." Oh, of course. Minor poets do nothing else. He's only been here since Sunday night. He's very handsome, like an angel, a dark angel. But it wasn't his handsomeness that attracted me." She smiled. "I've seen many handsome men in my day, you know. It's difficult to verbalize. He has such an incredible innocence. A lost, doomed look that Byron must have had. A vulnerability that makes you want to shield and protect him. I don't know for sure what it is, but it struck a chord in my soul. Soul," she mused. "Maybe that's it. He wears his soul on his face." She nodded, as if to herself. "A dangerous thing to do." She looked back up at me. "If that quality, whatever it is, would photograph, he would become a star overnight, whether he could act or not. Except ?of course?for his infirmity." without return address. The owner of the post office box turned it in marked "not here"; it went to the. Q: Say, Guv, what's the author of "Chthon" ?ave in 'is car that he loves to 'onk?. There was a pause while she debated. "I guess so, but, please, come when you can." The adults were standing separately around the space while tiny helicopters flew around them, wrapping them from head to toe in strips of webbing like human maypoles. "Haven't I?" said the grey man. He reached under the table and small pickax they had used to help them climb the mountain. every other feeling was something awful. He knew it was irrational, but he couldn't help it. The whole idea of having to have a license to talk to someone was as ridiculous as having to have a license to have sex with them. Right? Right! But ridiculous or not, the law was the law, and when you break it, you're guilty of breaking the law. Avenger while the other commands the Zorph fleet. The player terminals may be anywhere, as long as later." He breaks off the circuit. All checks are done; there's nothing now on the circuits but a. I was still angry, not ready to stop the fight yet. "She left him? It is my understanding that her infidelities forced him to divorce her." vival on Mars. The windmills utilized the energy in the wind, and the plastic coating on the ground was in reality two thin sheets of plastic with a space between for water to circulate. The water was heated by the sun then pumped down to the permafrost, melting a little more of it each time. savages?" He shrugged. Sirocco had endorsed the request, it was true, but Colman wasn't sure it would count for very much since Sirocco ran D Company, and anything he said was probably inverted somewhere along the chain as a matter of course. Perhaps he should have persuaded Sirocco not to endorse the request. On the other hand, if anything recommended by Sirocco was inverted to start with, and if Pendrey was crazy but normal by the Army's standards, and if the premises that Pendrey was working with were also crazy, then the decision might come out in Colman's favor after all. Or would it? His attempt to think the tortuous logic of the situation once again was interrupted by Swyley at last leaning back and turning his face away from the screen. He was genuinely surprised. "You didn't take that crack seriously, did you? I might as we Q admit it It was intentional, like that cattle prod you mentioned. You looked like you needed a kick in the ass. \*\*. wouldn't believe it. But it's more than just things that're different. People are different, think different?. 138. challenge ?head on! "But there is nothing we can do now. I can never thank you enough for gathering the mirror and releasing me." "This is the ship's brig and we keep prisoners here. What else should we keep?" to blows with Lang, aided by McKillian. McKillian renounced men forever and had a brief, tempestuous. She sighed again, but this time with relief. "The Detweiler boy was down here with me until six-thirty. He'd been here since about four-fifteen. We were playing gin. He was having one of his spells and wanted company." my nose. He was dark, though not as dark as I'd expected, I couldn't place his ancestry. It certainly. Having called for a discussion, McKillian proceeded to clam up. Song and Crawford sat on their bunks, and eventually as the silence stretched tighter, they all found themselves looking to Lang..unhappy story?" ever was, does that mean they're qualified to fly a helicopter?" "No, absolutely not. We're still basically in love. After all, most married couples end up not saying much to each other. Isn't that so? Even before Debra got religious, we weren't in the habit of talking to each other. To tell the truth, Dr. Kolodny, I've never been much of a talker. "What's up?" looked, a section of the webbing was pulled open and a rush of warm air almost blew them over. Water condensed out of it in their faceplates, and suddenly they couldn't see very well..darkness..Amos and Jack climbed long and hard through the evening. When darkness fell, at first they thought they would have to stop, but the clear stars made a mist over the jagged rocks, and a little later the moon rose. After that it was much easier going. Shortly the wind began. First a breeze merely tugged at their collars. Then rougher gusts began to nip their fingers. At last buffets of wind flattened them against the rock one moment, then tried to jerk them loose the next The rope was very useful indeed, and neither one complained. They simply went on climbing, steadily through the hours. Once Jack paused a moment to look back over his shoulder at the silver sea and said something which Amos couldn't hear.."Yes, Mr. Mallory." She dialed the phone nimbly, sitting as if she were wearing a back brace.
