

LIFE IN THE SPIRIT A WESLEYAN PERSPECTIVE

Junior and Naomi had taken their dried apricots from the same bag. Reached in the bag without looking. Shook them out into the palms of their hands. She could not have controlled which pieces of fruit he received and which she ate..Fortunately, at least the desk was cigarette-scarred, because it came with the office. It had been the property of a skip-tracer named Otto Zelm, who'd made a good living at the kind of work Nolly avoided out of boredom: tracking down deadbeats and repossessing their vehicles. On a stakeout, Zelm fell asleep in his car, while smoking, thereby triggering the payoff of both life- and casualty-insurance policies, and freeing the lease on this furnished space..She bent down and kissed his cheek, his right eye, his left, his brow, his dry cracked lips. "I love you so much. I wanted to die when I thought you weren't with me anymore..When she went upstairs at 2:10 in the morning, she found the boy fast asleep in the soft lamplight, Tunnel in the Sky at his side..''You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister..''Tom was alone. The place should be silent. Hanna Rey, the housekeeper, wasn't scheduled to arrive until ten o'clock..As if he sensed her reluctance to return to Dr. Chan, Barty had kept her occupied with talk of the red planet as they approached the office building, had talked her off the street, along the driveway, and into a parking space, where finally she relinquished the fantasy of an endless road trip. At 5:45, long past the end of office hours, Dr. Chan's suite was quiet..Anyway, the thing that scared her was not the monstrous father of this child. The fearsome thing was the decision that she had made a few minutes ago, in the unused hospital room on the seventh floor..With Barty's presence, Christmas Eve dinners had become even more agreeable, especially this year when he was almost-three-going-on-twenty. He talked about the visits to friends that he and his mother and Edom had made earlier in the day, about Father Brown, as if that cleric-detective were real, about the puddle-jumping toads that had been singing in the backyard when he and his mother had arrived home from the cemetery, and his chatter was engaging because it was full of a child's charm yet peppered with enough precocious observations to make it of interest to adults..Barty approached stair climbing as a mathematical problem, calculating the precise movement of each leg and placement of each foot necessary to successfully negotiate the obstacle. He proceeded less slowly on the next three steps than he had on the first three, and thereafter he ascended with growing confidence, pumping his legs with machinelike precision..Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation..She must have sensed his assessment of her and realized that she had little chance of charming him, for she turned at once away and never looked in his direction again..''We'll need to talk about this a lot in the days to come, as we both have more time to think about it..''Focus. Prepare to kill Bartholomew and anyone who tries to protect Bartholomew on January 12. Prepare for all contingencies..In addition to delivering a honey-raisin pear pie, Agnes had come to offer Obadiah Sepharad a year's work-not performing magic, but talking about it..Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies..Reverend White's murder received significant coverage throughout the nation, especially in West Coast papers, because of its perceived racial motivation and because it involved the burning of a parsonage..Frowning, Panglo, said, "Terrible, you're right, so many terrible things happen, but I don't see why trains-".As soon as he was alone, however, Junior yearned for the nurse to return. Alone, he felt vulnerable, threatened..Turning his patched eyes in the general direction of his mother, Barty said, "Oops..''He opened his mouth but stood mute. Raised his right hand from his side. Worked his fingers in the air, as though the needed words could be strummed from the ether. He felt stupid, foolish..When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out..Because drugs foil all efforts at self-improvement, Junior had no use for the cocaine and acid. He didn't dare sell them to recover his money; even five thousand dollars wasn't worth risking arrest. Instead, he gave the pharmaceuticals to a group of young boys playing basketball in a schoolyard, and wished them a Merry Christmas. The twenty-fourth of December began with rain, but the storm moved south soon after dawn. Sunshine tinsed the city, and the streets filled with last-minute holiday shoppers..Perhaps she was afflicted with only expressive aphasia, but she must be confused to some degree. The baby, which would be placed for adoption, was not hers to name..When the two vertical panes of the casement window were still less than seven inches apart, they stuttered. The mechanism produced a dismal grinding rasp that sounded like a guttural pronunciation of the problem itself, c-c-c-corrosion, and seized up..''Yes, I was..'' She didn't tell him that her fear had not been allayed by his assurances or by his second walk in the rain..Before the pianist could cry out, Junior drove him between the toilet and the sink, slamming him against the wall hard enough to knock loose his breath and to cause the water to slosh audibly in the nearby toilet tank..''D'you have a bag?''Bracing her feet against the floorboards, clutching the seat with her left hand, fiercely gripping the door handle with her right, she prayed, prayed that the baby would be all right, that she would live at least long enough to bring her child into this wonderful world, into this grand creation of endless and exquisite beauty, whether she herself lived past the birth or not..After all he'd suffered at Cain's hands, Tom Vanadium surprised himself by laughing at these colorful accounts of the wife killer's misadventures. Indeed, laughter had seemed disrespectful to the memories of Victoria Bressler and Naomi, and Vanadium had been torn between a desire to hear more and a feeling that finding any amusement value in a man like Cain would leave a stain on the soul that no amount of penance could scrub away..Mrs. Cain's little boy felt small, weak, sorry for himself, and terribly alone. The detective was still here, but his presence only aggravated Junior's sense of isolation..The owner's attitude softened somewhat

with Junior's reference to the quarter, and softened even further when together they returned to the counter to see the proof in the cheese. He went from righteous anger to abject apology. During the cleaning, installation of new carpet, and painting that had followed the removal of the diarrhetic pig set loose by one of Cain's disgruntled girlfriends, the wife killer had spent a few nights in a hotel. Nolly took advantage of the opportunity to bring his associate James Hunnicolt--Jimmy Gadget--onto the premises to provide a customized, undetectable, exterior window-latch release. The boy didn't at once answer, and when Agnes looked up from Red Planet, she saw that he was staring oddly at her. He squinted, as if puzzled, and said, "The twisty spots just jumped off the page right up on your face." Ordinarily, when Celestina was troubled, her art was a perfect sanctuary from all woes. When she was planning, composing, and rendering, time had no meaning for her, and life had no sting. She curled up in the armchair, watching Barty. She was greedy for the sight of him. She thought she would not doze off, but would spend the night watching over him, yet exhaustion defeated her. Agnes pulled the stack of cards in front of her. She discarded the first two, as Maria would have done, and turned over the third. "God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes. It could only be made better by the presence of her parents. They had planned to fly down to San Francisco this morning, but late yesterday, a parishioner and close friend had died. A minister and his wife sometimes had duties to the flock that superseded all else. "What was it like, Enoch? Did you look into her eyes when you pushed her?" Vanadium's uninflected monologue was like the voice of a conscience that preferred to torture by droning rather than by nagging. "Or doesn't a woman-killing coward like you have the guts for that?" The three adults exclaimed at the disappearance of the quarter, applauded again, and looked knowingly at Tom's hands, which had closed at the sudden conclusion of all the flourishes. Cradling the baby, the nun turned with it to Celestina, folding back a thin blanket to present her with a good look at the tiny girl. "You might as well beat a cloud for raining," said Otter's mother. He managed to hold the towel around his foot, but it grew dark red and disgustingly mushy. As the afternoon waned toward a portentous dusk and toward the gallery reception for Celestina White, Junior prepared his knives and guns. "If I ever have trots, you'll know." And then in the Cheese voice: "CAN WE LISTEN TO THE BOOK TALK IN YOUR ROOM?" Bearing roses upon their arrival, they hadn't bothered with umbrellas. Besides, although the sky glowered, the forecast had predicted no precipitation. "Frequently, symptoms appear early enough that radiation therapy in one or both eyes has a chance to succeed. Sometimes strabismus--in which one eye diverges from the other, either inward toward the nose or outward toward the temple--can be an early sign, though more often we're alerted when the patient reports problems with vision." "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch. "Yeah, but I've been thinking about that. If he feels some kind of responsibility ... then why did he ever represent Cain in the first place?" The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit. More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him. Darkrose and Diamond. For reasons of mice and dust, doors at the Lampion house were never left ajar, let alone open this wide. The apartment had been furnished with only two padded folding chairs and a bare mattress in the living room. The mattress was on the floor, without benefit of a bed frame or box springs. At best, Vanadium might decide Junior had come here to learn what other funeral his nemesis had attended--which was, in fact, the true motivation. But this made it clear that Junior feared him and was striving to stay one step ahead of him. Innocent men didn't go to such length. As far as the fruitcake cop was concerned, Junior might as well have painted I killed Naomi on his forehead. He had noted all seven names on the bassinets, but he read them again. He sensed in their names--or in one of their names--the explanation for his seemingly mad perception of a looming threat. Being ruthlessly honest with himself, as always, he acknowledged that killing Tammy would not solve his problem. She might have told friends and colleagues about the Rolex, just as she had surely shared with her girlfriends the juiciest details about Junior's unequalled lovemaking. During the two months that he and the cat woman dated, others had heard her call him Eenie. He couldn't kill Tammy and all her friends and colleagues, at least not on a timely enough schedule to thwart the police. Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch. In fact, though he strained hard to recall their conversations, he could dredge up nothing that Seraphim had said during therapy, as if he'd been stone-deaf in those days. The only things he retained were sensual impressions: the beauty of her face, the texture of her skin, the firmness of her flesh under his ministering hands. Sitting in Simon Magusson's mahogany-paneled office, reading the contents of this file, Junior was aghast. "I could have been killed." He knew the titles that he wanted: "Tunnel in the Sky, Between Planets, Starman Jones." He stood at a window, staring down into the street, his profile to her, and in his silence he searched for the words to describe the "something extraordinary" that he had mentioned earlier. Finally Angel dropped and slithered, vanishing under the overhanging bedclothes with a final flurry of yellow socks. Curious to know what Neddy had said, Junior quickly approached the same gallery staffer. "Excuse me, but I've been looking for my friend ever so long in this mob, and then I saw him talking to you--the gentleman in the London Fog and the tux--and now I've lost him again. He didn't say if he was leaving, did he? He's my ride home." Junior's attorney--Simon Magusson--insisted upon full disclosure of maintenance records and advisories relating to the fire tower and to other forest-service structures for which the state and the county had sole or joint custodial responsibility. If a wrongful--death suit was filed, this information would have to be divulged anyway during normal disclosure procedures prior to trial, and since maintenance logs and advisories were of public record, Hisscus and Knacker and Nork agreed to provide what

was requested..In January '65, while Vanadium had been in the first month of what proved to be an eight-month coma, Enoch Cain had sought Nolly's assistance in a search for Seraphim's newborn child. When Vanadium had learned about this from Magusson long after the event, he assumed that Cain had heard Max Bellini's message on his answering machine, made the connection with Seraphim's death in an "accident" in San Francisco, and set out to find the child because it was his. Fatherhood was the only imaginable reason for his interest in the baby.."Why? What was he going to get out of it?".Then he curled up in one of the big armchairs in the living room and began the book again. This was the first time he had ever reread a novel-and he finished it at midnight.."Getting her into her shoes and coat sooner than Monday required a bribe," Wally said..The announcement poster seemed enormous, huge, far bigger than she remembered it, crazily-recklessly large. By its very size, it challenged critics to be cruel, dared the fates to celebrate her triumph by shaking the city to ruin right now, in the quake of the century. She wished Helen Greenbaum had opted, instead, for a few lines of type on an index card, taped to the glass..He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them..Chastened by these recent events, he vowed to stop meditating, to void all passive responses to the challenges of life. He must explore the unknown rather than flinch from it in fear. Besides, through his explorations, he would prove that the unknown was all just tapioca or applesauce, or whatever..When Victoria finally calmed her racing heart, she returned the spoon to the tray on the nightstand, stoppered the carafe, and said, "That's enough for now, Mr. Cain. In your condition, even too much I melted ice might trigger renewed vomiting."..When he woke, he was in a hospital bed, his upper body slightly elevated. The only illumination was provided by a single window: an ashen light too dreary to be called a glow, trimmed into drab ribbons by the.."Sometimes it's sad here, Mommy. But it's not sad every place you are. Lots of places, Daddy's with you and me, and we're happier, and everything's okay.".."See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand.."She's got preeclampsia. It's a condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtieth week, about ten days from delivery."..She wanted to tell him not to say these queer things, not to talk this way, yet she couldn't speak those words. When Barty asked her why, as inevitably he would, she'd have to say she was worried that something might be terribly wrong with him, but she couldn't express this fear to her boy, not ever. He was the lintel of her heart, the keystone of her soul, and if he failed because of her lack of confidence in him, she herself would collapse into ruin.."That wasn't gossip," Grace insisted. "I was just telling you that Paul got the swing repaired and rehung."..The previously flat, monotonous voice had in it now a subtle but undeniable new roundness of tone: "And every human being, every living thing, is a string on that instrument."..On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil.."Not so unbelievable," said Jacob. "Forty-five thousand people every year die in automobiles. Cars aren't transportation. They're death machines. Tens of thousands are disfigured, maimed for life.".."No, I didn't see him," Junior reminded the attorney. "I just assumed, when this harassment started here-"..Drawn by voices on the second floor, Tom took the stairs two at a time. A man and a boy. Barty and Cain. To the left in the hallway, and then to a room on the right.."Well, it still is to me. But what I've been wondering ... when you talk about all the ways things are ... is there someplace where you don't have this problem with your eyes?"..When she tried to say bow, the how of speech eluded her, and she sat as mute as if no words had ever passed her lips before..He was in the kitchen at 11:20, spreading frosting on a large chocolate sheet cake while the reverend expertly frosted a coconut-layer job..This momentous day. In every ending, new beginnings. But, thank God, no ending here..The enormous canopy of the oak didn't shelter the lawn beneath it. The leaves spooned the rain from the air, measuring it by the ounce, releasing it in thick drizzles instead of drop by drop..But on March 23, 1966, after a bad date with Frieda Bliss, who collected paintings by Jack Lientery, an important new artist, Junior had an experience that rocked him, added significance to the episode in the diner, and made him wish he hadn't donated his pistol to the police project that melted guns into switchblades..Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet..Now her mooring was Wally Lipscomb-obstetrician, pediatrician, landlord, and best friend--who arrived halfway through the reception. As she listened to Helen Greenbaum's sales report, Celestina held Wally's hand so tightly that had it been a plastic champagne flute, it would have cracked..Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning..Outside, flames churned to the left and right of the opening. The front of the house was afire..He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out..He was uncomfortable, achy, thirsty, but he remained utterly still and observant. After a while, he realized that the sense of oppression with which he'd awakened was not entirely a psychological symptom: Something heavy lay across his abdomen. And it was cold-so cold, in fact, that it had numbed his middle to the extent that he hadn't immediately felt the chill of it. Shivers coursed through him. He clenched his jaws to prevent his teeth from chattering and thereby alerting the man in the chair. Although he never took his eyes off the comer, Junior became preoccupied with trying to puzzle out what was draped across his midsection. The mysterious observer made him sufficiently nervous that he couldn't order his thoughts as well as usual, and the effort to prevent the shivers from shaking a sound out of him only further interfered with his ability to reason. The longer that he was unable to identify the frigid object, the more alarmed he became. He almost cried out when into his mind oozed an image of Naomi's dead body, now past the whitest shade of pale, as gray as the faint light at the window and

turning pale green in a few places, and cold, all the heat of life gone from her flesh, which was not yet simmering with any of the heat of decomposition that would soon enliven it again.."A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi.".Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies..Edom removed two of the pies from the table and put them on the counter near the ovens..Lipscomb turned to Celestina. "Before lapsing into semicoherence again, your sister said, 'Beezil and Feezil are safe with her,' which may sound less than coherent to you, but not to me." .At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills..where everyone spoke a single language and had all the blueberry pies they needed.
