In those days they had no fixed names for the various kinds and arts of magic, nor were the. Their popularity ran ahead of them. It was known that they would trade for books, if the books narrow, ice-coloured eyes. "Then I'll carry the cheeses to Oraby," she said, "and sell em there. It would be Berry at the door, though why he knocked she didn't know. "Come in, you fool!" she said, and he knocked again, and she put down her mending and went to the door. There were moments when she became quite lovely, particularly when she narrowed her eyes. afoot through the winter, the cattlemen will be begging you to stay. Though they may not love. For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a mere toy, such as music or tale-telling, but

a practical business, which his business could never quite equal. And he was, though he wouldn't have put it that way, afraid of wizards. A bit contemptuous of sorcerers, with their sleights and illusions and gibble-gabble, but afraid of wizards..Witchery was restricted to women. His hands were warm, and she felt so."Probably not," the wizard said..The deeds and lays that tell of raids by dragons and counterforays by wizards portray the dragons as pitiless as any wild animal, terrifying, unpredictable, yet intelligent, sometimes wiser than the wizards. Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain. They address the hero..protections the Masters set on their flocks and fields and orchards. That made sense to her.
