Ever since he had walked on the green hill above the town and had seen the bright shadows in the grass, his heart had been easy. Kings, lords, and Islemen charged with defending the islands of the Archipelago came to rely increasingly on wizards to fend off dragons and Kargish fleets. In the Havnorian Lay and The Deed of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse those of the kings.. All magic practiced by women was called "base craft," even when it included practices otherwise called "high arts," such as healing, chanting, changing, etc. Witches were to learn only from one another or from sorcerers. They were forbidden to enter Roke School, and Halkel discouraged wizards from teaching women anything at all. He specifically forbade the teaching of any word of the True Speech to women, and though this proscription was widely ignored, it led in the long run to a profound, long-lasting loss of knowledge and power among the women who practiced magic.. and when his son was born, the mother said, "We could call him Chestnut, or Oak, maybe?" And they talked about that, all the wise women of the island: what was the true art of magic, and where did it turn false; how the balance of things was kept or lost; what crafts were needful, which useful, which dangerous; why some people had one gift but not another, and whether you could learn an art you had no native gift for. In such discussions they worked out the names that ever since have been given to the masteries: finding, weather-working, changing, healing, summoning, patterning, naming, and the crafts of illusion, and the knowledge of the songs. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until:..your head nor theirs, see, because it would take from their power, they say'.
