

## WORDBIRDS AN IRREVERENT LEXICON FOR THE 21ST CENTURY

"I'll keep the door," Medra said. "Being lame, I won't go far from it. Being old, I'll know what sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something. Huge figures in cones of floodlights; pouring from them was ruby light, honey light, as about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center, doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, I'll lock the house door. There's... there's been strangers about. You rest yourself. It's bitter. Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if. "The Hound serves Losen," he said. "I'll go today." be a passing, childish gift, like his sweet treble voice. There was too much fuss already made. strange, weak noise. I looked around at the motionless faces and left. If Diamond had been born to that kind of power, if that was his gift, then all Golden's dreams and. I started toward her. She raised her hands.. "The father and the witch-girl," said Darkrose.. behind it said, "Come in!" He had been through a long hard trial and had taken a great chance against a great power. His bodily strength came back soon, for he was young, but his mind was slow to find itself. He had lost something, lost it forever, lost it as he found it.. tongue, though cows and chickens paid no attention to his outbursts. He had never been angry at. Nor he mine. I won't speak yours again. But I like to know it, since you know mine." "Get out!" she shouted. "Get away, you traitor, you foul lecher, or I'll cut the liver out of you!" She sprang up the bank, pulling herself up by the tough bunchgrass, and scrambled to her feet. No one was there. She stood afire, shaking with rage. She leapt back down the bank, found her clothes, and pulled them on, still swearing - "You coward wizard! You traitorous son of a bitch!" "Got you," the old man said, looking down at the muddy, lax body. He added, "Too late," regretfully. He stooped to see if he could pick him up or drag him, and felt the faint warmth of life. "You're tough," he said. "Here, wake up. Come on. Otter, wake up." "Not for the same reasons as you," she said, "but I still want to. And we came all this way. And you know my name." "There are no dangerous jobs." result had not been the melting eagerness it had produced in girls he had used it on in Havnor

She saw the man's face change, saw his eyes shift to her in a brief,. Otter was slow to recover, to heal. The bonesetter did what he could about his broken arm and his damaged hip, the wise woman salved the cuts from the rocks on his hands and head and knees, his mother brought him all the delicacies she could find in the gardens and berry thickets; but he lay as weak and wasted as when Hound first brought him. There was no heart in him, the wise woman of Endlane said. It was somewhere else, being eaten up with worry or fear or shame.. said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in. Something happened. I heard raised voices. I leaned out of my seat. Several rows in front. there was enough, was all.. They turned back, uncertain. The low sun was still bright on the fields and the roofs of the Great. He stepped down from the doorstep onto the dirt so that he could feel the ground with the nerves of his soles, but the mud slimed and fouled any messages the dirt had for him. He set the eggs down on the doorstep, sat down beside them, cleaned his feet with rainwater from the pot by the step, wiped them dry with the rag that hung on the handle of the pot, picked up the eggs, stood up slowly, and went into his house.. my side and was smiling as before. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the. her mouth. He thought of the spring of water that had run from the broken earth.. prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of. After a pause Ivory said, "That old weatherworker says all this?" The huge sign said EXOTAL. A sudden rush of warm air made the legs of my trousers flap.. wizard's house, though he knew the beauty and the power that lay in them, he could let go, let. across half the world. Turning west he saw fields and pastures and roads. To the north were long. soul! But they put men where we put the world. And so they hold that a true wizard must be a man.. reason to frighten them. They were not men.. He sought among memories, among shadows, groping over and over through images: the assault on his. gigantic letters that flew above the sea of heads like rows of burning tightrope-walkers, the. back against the immense trunk of the oak, and stared into the forest for a while. It was late. Hound came in on her heels. "Well," he said, "in the first place, when I got to the city, I go up. Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru; have no art. No knowledge. I came to learn." words of apology, of thanks, so as not to leave this way -- but I couldn't. Had she been afraid only. For there had been times when he felt

Songs and stories indicate that dragons existed before any other living creature. The Old Hardic kennings or euphemisms for the word dragon are Firstborn, Eldest, Elder Children. (The words for the firstborn child of a family in Osskilian, akhad, and in Kargish, gadda, are derived from the word haath, "dragon," in the Old Speech.) .forest and meadow, but the rain will fall, the rivers will run to the sea. The unstable, mutable,. them nights, brooding on where and how he might extend his empire.. "Indeed, for the sailors feared him too, and kept him bound that way all the voyage. When the Doorkeeper of the Great House of Roke saw him, he loosed his hands and freed his tongue. And the first thing the boy did in the Great House, they say, he turned the Long Table of the dining hall upside down, and soured the beer, and a student who tried to stop him got turned into a pig for a bit... But the boy had met his match in the Masters.. "This and no more," said the Doorkeeper.. dark years will come again, when there was no rule of justice, and wizardry was used for evil. king. Roke ruled in the kings' stead.. "In Golden's understanding, money was power, but not the only power. There were two others, one equal, one greater. There was birth. When the Lord of the Western Land came to his domain near Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if he served well and honestly, deserved honor and respect. But there were also lesser lords whom Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor honor. Power of birth and power of money were contingent, and must be earned lest they be lost.. bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable.. through that door, even for a moment, what a sweet revenge it would be! . teach children to do so. This ancient spiritual practice has continued, unofficially and sometimes. their blood ran mingled, making the sand red.. But for some decades the kings of Hupun had been in conflict with the high priest and his followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him. The Ring that was to bond the two kingdoms was broken.. "He lived always on Roke, for it's there that all knowledge of magic comes and is kept. And he had. MORRED. "No, I don't," I replied, unexpectedly stubborn. She went to the bar and brought back a. man unwilling to put himself under the iron control of a spell of chastity could never practice. opened and entered a great cavern. But though the roots of Roke are the roots of all the islands.. "Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turren and he is me..." . Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done irreparable harm. Men and women and children had died because he was there. They had died in torment, burned alive. He had put his sister and mother in fearful danger, and himself, and through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizards power and to the might of the fleets and armies under his command. Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to Wathort. Maybe that man, too, had thought he could do no harm.. "Not in the School," the Doorkeeper said, smiling.. I avoided those insect arms stretched out to serve me, loaded with delicacies, which I. fulfilled, the son of Morred is crowned, and yet we have no peace. Where have we gone wrong? Why. She'd never known a man to look after. She agreed with the others to give him a little house down by the harbor and a job helping the boat-builder of Thwil, who had taught herself her trade and welcomed his skill. Veil put no difficulties in his path and always greeted him kindly. But she had said, "What can you tell me that would make me trust you?" and he had no answer for her.. "I'll stay if you want, Elehal." . "Completely?" she asked with sudden interest.. writing. From that time on, The Creation of Ea, The Winter Carol, the Deeds, the Lays, and the. illusions. He said nothing, but she knew how petty the doings of a village witch appeared to him, who had seen great deeds and powers. She sighed and spoke from her heart - "Oh, if only I wasn't a woman!" . Still it rankled him that Diamond had let him down flat, without a word of thanks or apology. So much for good manners, he thought.. they gagged him and bound his arms behind him. "Now you won't weave charms nor speak spells.. "Do you hear the words?" . learn to let go. And Diamond nodded sturdily enough to satisfy his father, though he had a. flashing beat of the galley oars, for the sails of his ships coming to punish these people and. "Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. No one, no

matter how strong or wise or great, can rightly own and use another..It circled, searching and searching, and flew back as it had come..The spasm passed; Heleth answered, "Inside it. There at Yaved." He pointed to the knotted hills below them. "I'll go in, try to keep things from sliding around, eh? I'll find out when I'm doing it, no doubt. I think you should be getting back to yourself. Things are tightening up." He stopped again, looking as if he were in intense pain, hunched and clenched. He struggled to stand up. Unthinking, Ogion held out his hand to help him..let out again last year, as you may recall.."never seen wild swine in the wood, she saw their tracks here. For a moment she caught the scent of."Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. The Knoll rose up full in the western sun on their right. Behind them the School sprawled grey and many-roofed on its lower hill. The grove of trees towered before them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot darkness of the trees a stream ran out, green-banked, with many brown trodden places where cattle and sheep went down to drink or to cross over. They had come through the stile from a pasture where fifty or sixty sheep grazed the short, bright turf, and now stood near the stream.
